AT THE THEATRES.

At the Highland.

The Country Mouse, a comedy in four parts, with Adele Farrington in the stellar role, proved a wonderful production at the Highland. Supplemented with a Biograph and vaudeville the evening's entertainment was superlative.

At the Gem.

The Dying Hero drew forth acclaims of laughter at the Gem. A Modern Melodrama in two acts will take the money tonight.

"Money" at Lyric.

Money, a melodrama of great power and one pointing a forceful lesson was staged at the Lyric Wednesday night. It was fully up to the advance retelles.

Pearl White the Favorite.

Mrs. Barbara Guentert of St. Louis, is called by the "Post Dispatch" of that city, "the world's champion movie fan," and with good reason. It seems that Mrs. Guentert has missed only two evenings in over five years in seeing the picture show at the Fairy Theater on Easton avenue.

Every night Mrs. Guentert and her little son are to be found in the same seats watching the pictures with as much interest as though it was their first experience. Together they have spent 1,800 evenings at the theater, have paid \$180 in admissions and have seen 9,000 different films.

Mrs. Guentert, it may be seen, can certainly lay claim to being a picture expert. When asked to name the players she thought the best, she mentioned only four, all of them famous, one of them being Pearl White, the Pathe star.

Effect of Music on Criminal.

The psychological effect of music upon one sunk low in crime was observed to a remarkable degree when "The Melody of Doom," a Selig special two-reeler, was given a private run at Los Angeles Saturday. Miss Eugenie Besserer, the French emotional actress, was seen in perhaps the strongest climax scene of her splendid career for she reached such heights—as the criminal—that her confession killed her. "The Melody of Doom" with its peculiarly weird unfolding, was written for the Selig Polyscope company by William F. Wing. It will be released by the General Film in its regular program.

BRITISH TORPEDO BOATS, TEN AND TWELVE, SUNK BY TORPEDO

(CONTINUED FROM PAGE ONE.)

Germany's methods of submarine warfare.

The London papers give Mr. Bryan's letter of resignation and President Wilson's reply the most prominent places. These are followed by long dispatches from their American correspondents and articles on Mr. Bryan's career, which emphasize his advocacy of settlement of international disputes by arbitration, and draw the conclusion that the note must be very strong to have brought about his retirement.

"America stands firm" or similar phrases are the most favored head-

AN OLD RECIPE TO DARKEN HAIR

Common garden Sage and Sulphur makes streaked, faded or gray hair dark and glossy at once.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

London Paper: Says Bryan's Act is Decisive.

London, June 10.—"One of the most decisive events in the world conflict," is what the Evening Star calls the resignation of Secretary Bryan.

"Coming from the heroic decision of Italy to draw her sword in defense of liberty and public law of Europe," the Star says, "it is a death blow to the Germanic powers. It means that America has crossed the Rubicon. It means that the greatest democracy on earth has resolved to be true to itself and to its ideals. It means that Germany will be held to a strict accountability for her violations of human sanctity. It means that the American people will defend civilization against barbarism, international law against submarine piracy and right against conscienceless might. It means that Germany must choose between obedience to the ancient code of sacred justice and the new code of satanic devilry. It means that America will omit no act which is necessarily to cleanse the sea of the Prussian wolves and tigers who prey upon women and children."

"We have always proclaimed our belief that President Wilson would find a way and that it would be a great way. He has given Germany ample time to relent and to refrain. He has 10 long months watched Germany marching from horror to horror and from hell to hell."

"History will bear witness to the purity of his motives and humanity to his aims."

Bryan's Statement Amazed Officials.

Washington, June 10.—Mr. Bryan's statement was received with undisguised amazement in official quarters. No comment was made at the

White House, but some high officials indicated that they believed it most unfortunate that so pronounced an expression of opinion should be made public while the discussion with Germany was in progress. It became known, too, that Mr. Bryan told his colleagues in a general way of the contents of his statement and some had advised against it.
